New DEC Part

CR9M20797

Engine pipe with converter
2006-2007
Dodge Caravan 2.4L - FWD

(Click this box for complete engine family and certification level data)
New DEC Part

CR9M22056

Y-pipe with converter

2008-2009
Dodge Nitro – 4.0L – RWD / 4WD

(Click this box for complete engine family and certification level data)
Engine pipe with converter
2006-2007 Chevrolet Cobalt SS
2006-2007 Chevrolet HHR
2007 Pontiac G5 GT
2006 Saturn Ion 3
All w/2.4L engine and Standard Transmission

(Click this box for complete engine family and certification level data)
New DEC Part

GM9M20199-1

Engine pipe with converter
2005 Buick Lacrosse – 3.8L
2004-2005 Pontiac Grand Prix – 3.8L

(Click this box for complete engine family and certification level data)
Engine pipe with converter
2005-2006
Jeep Wrangler – 2.4L 4WD

(Click this box for complete engine family and certification level data)
New DEC Part

LX9C4645

Y-pipe with rear converter
2004 & 2006 Lexus ES330
2004-2006 Toyota Camry – 3.3L

(Click this box for complete engine family and certification level data)
Engine pipe with converter
2001-2002
Mercedes Benz SLK230
(Click this box for complete engine family and certification level data)
DEC’s Prototype Program

DEC is proud to bring you these exciting new products each month.

WE NEED OEM SAMPLES!!

Did you know, if we do not currently make a converter you are looking for, we will make it for you FREE?

Call and ask for details.
DEC now stocks a full line of gaskets

Visit [www.deccats.com](http://www.deccats.com), click on the catalog for your location and look up your application. Each gasket is listed showing its position and which converter it belongs to.
Be Sure It’s Legal!

There’s only one way to be sure the converter you’re installing is legal, look at the VECI label under the hood!

The Vehicle Emission Control Information Label is the only way to obtain the engine family and emission certification data you need to order and install a legal catalytic converter for vehicles registered in the State of New York.

These labels are located either on the underside of the hood itself or on one of the strut towers. Occasionally, they’re found on the engine valve cover or on the upper radiator shroud as well.

Effective June 1, 2013 all aftermarket catalytic converters sold in New York State, or installed on vehicles registered in the State of New York will need to adhere to the California Air Resources Board’s prescribed standards.

The good news is DEC Catalytic Converters pioneered the effort to bring legal aftermarket solutions to the California market years ago, and New Yorkers will now benefit as well!

We’ve got in-depth knowledge of the latest laws, and we have the largest SKU mix of direct fit, California legal and now New York legal aftermarket catalytic converters!

You can trust DEC to supply the correct, legal direct fit catalytic converter every time

Educate your customers and your employees to choose the right one by visiting www.deccats.com
Start here!
Understand the Vehicle Emission Control Information Label (VECI) where you’ll find the Engine Family and certification level.

*It’s the only way to find the correct legal converter for any vehicle in New York and California.*

You cannot find this Information by decoding the VIN.

Wherever it might be, it’s the only way you can order and install a legal aftermarket catalytic converter in New York beginning June 1, 2013!

You have to read the label!

Diversified Environmental Catalysts
Your Coast to Coast Converter Connection!
Let your customers know… You’ve got the legal stuff!

www.deccats.com
www.deccats.com

That’s where you’ll find the most current application information and so much more.

- Past product announcements
- Global technical information
